STAINLESS STEEL SCALE AND RAMP

By G&G Technologies

Design

Material:	304 Stainless-Steel
Surface Finish:	35 Ra
Inside Dimensions:	36"x36"
Footprint:	42"x40"
Ramp:	42"x22"

Weighing System

Manufacturer:	Eilersen
Capacity:	750 kg
Accuracy:	0.025%
Transmitter:	5024G
Display:	Digital
Data Transfer:	4-20 mA, Ethernet TCP

Features

- Hygienic design for cleanroom applications
- Detachable Stainless-Steel Ramp with guide rails
- Touch Keyboard for zeroing, tare function, entering parameters, setpoints, etc.
- 4 configurable 24 VDC I/O
- 5.2" LCD for display data and parameters
- Robust capacitive load cells
- High Accuracy and Resolution
